Preface

1. Customer & TESS Definition

TESS Innovation Sdn Bhd is hereinafter referred as “TESS” of the other part in this document.

2. Document Confidentiality

This document contains information that is proprietary to TESS and The Customer. This document, or any part thereof, shall not be copied, reproduced, translated or reduced to any electronic medium or machine readable form or disclosed to any third party without the prior written consent or authorization of TESS and the Customer.

3. Purpose of Document

The purpose of this document is to clearly guide user to perform day by day operation

4. Intended Audience

- Project team from TESS
- Project team from The Customer

5. Document Control

This document is subject to change control. All changes to this document shall be documented and distributed as “Release Version”. It will consist of the following:-

- Full replacement of the document; or
- Full replacement of a section in the document; or
- An addendum to the document.

Each revision will be assigned with a unique “Release Version” number and date. All pages distributed within a Document Release Notice will have the appropriate Release Version and Release Date indicated.

6. Screenshots

All sample screens as attached are for the reader’s viewing purpose only. The actual screen displayed in the CORAL iSEM™ system shall be based on the specification of The Customer’s as agreed upon.

7. Disclaimer

- All advice given or recommendations made in this document are made in good faith on the basis of the information provided and otherwise generally available or known to TESS at the time of writing.
- No advice given or statements or recommendations made shall be in any circumstances constitute or be deemed to constitute warranty by TESS as to the accuracy of such advices, statement and recommendations.
- Subject to the contents of the Supply of Software, Licensing and Service Agreement executed, TESS shall not be liable for any loss, expense, damage or claim arising out of the advice given or not given or statements made or omitted to be made in connection with this document.
- **This document is **subject to updates**. Please note that it may be revised periodically within the same version to reflect any changes.

8. Product Version

This document is based on product version 1.3. Any other product version may not be relevant to this specific document content and its information.

Overview of Reports

1. About Reports □ Apps Process Flow for Reports

Cash Transaction Report (CTR) is generated during end of day process based on the transaction monitoring rule parameter detection against daily transaction table. The CTR list feature allows display and management of CTR cases generated in one page.

1.1 Apps Process Flow for CTR Report Filing

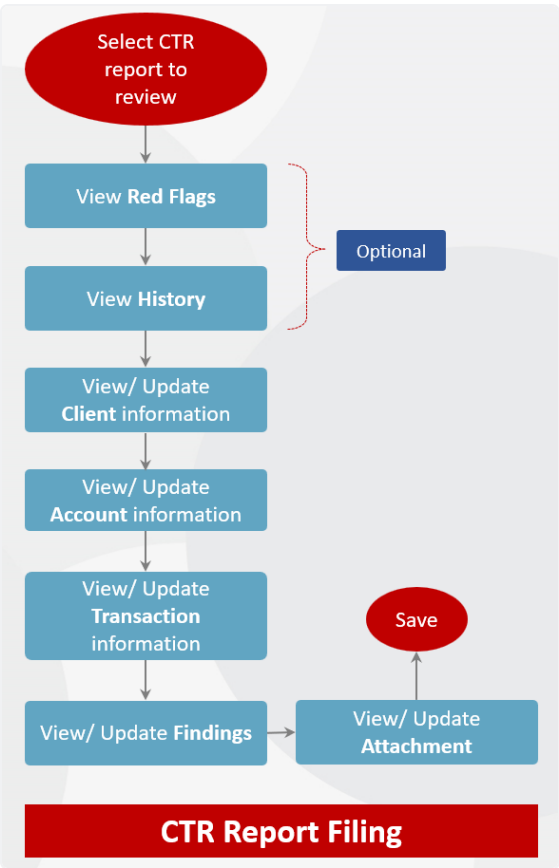

Figure 1.0: Apps Process Flow for CTR Report Filing

The figure above describes in general the apps process flow for CTR Report Filing features and functions.

2. CTR Report Filing

2.1 CTR Report Filing □ CTR List

- 1. The CTR cases generated will be displayed and managed in this page.
- 2. The CTR List table has a Columns button above the table which allows user to choose which columns to display and which not to.

2.1.1 How to View Cash Transaction Report (CTR) List?

This section outlines how users can draft CTR report under Reports.

Steps to View CTR Report List:

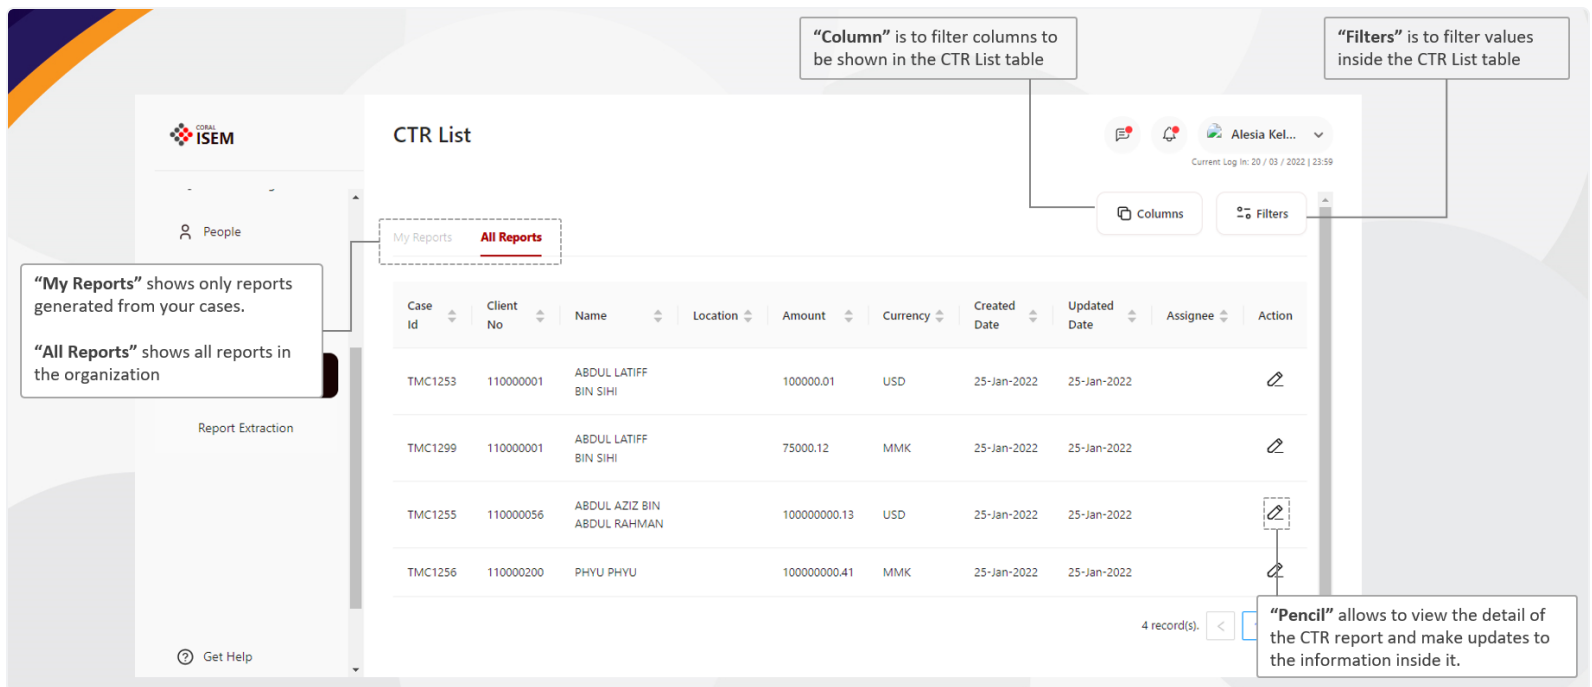

Figure 2.0: How to View Cash Transaction Report (CTR)

1. In this section, users can view the CTR Report List during Reports.
2. There will be two panels for users to view report information:
 - **My Reports**
 - **All Reports**
3. Users will be able to see report information such as case ID, client number and name, location, amount, currency, and more.
4. If users want to view specific reports, they can use the **"Columns"** button to filter columns to be shown in the list or use the **"Filters"** button to filter values inside the CTR List table.
5. If users want to view further details of CTR report or update the information details inside, they can click on the **"Pencil"** button.

2.2 CTR List Description

The figure below displays the CTR List and their description for **"All Reports"** and **"My Reports"**.

Figure 2.1: CTR List - My Reports

The display information is as shown in the table below:

#	Name	Description
1	Case ID	Display the case primary key ID number.
2	Client No.	Display the client CIF ID or other golden unique number.
3	Name	Displays client's full name.
4	Location	Display the client's account opening location.
5	Amount	Display the client's transacted amount.
6	Currency	Display the client's transaction currency.
7	Created Date	Display the date when the CTR was extracted.
8	Updated Date	Display the date when the CTR was exported.
9	Assignee	Display the user's name who is updating the CTR report.
10	Action	Pencil: Allow user to view more information and update the CTR.

2.3 CTR List □ CTR Report Details

2.3.1 How to View CTR Details?

This page outlines how users can view CTR List Details. There will be two sections for users to view, the case information, details, transaction information, and information on customer.

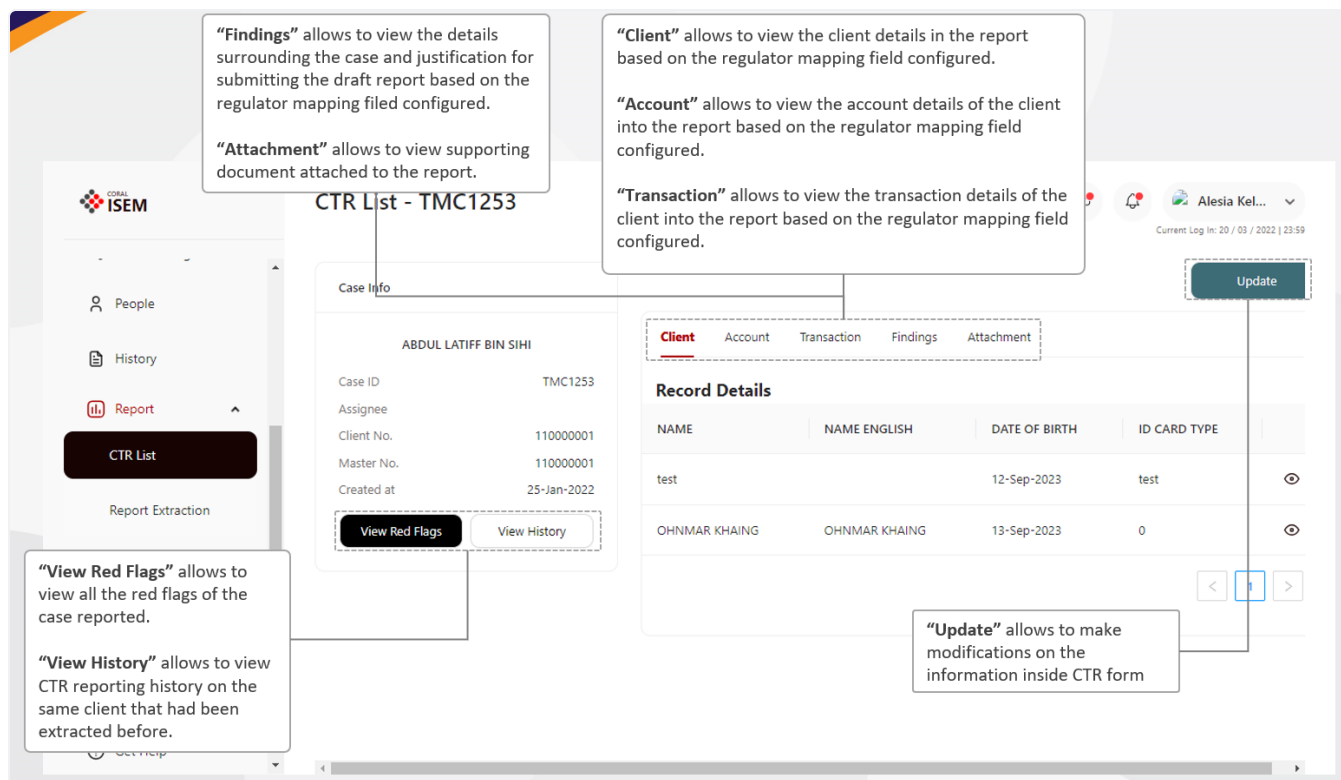

Figure 2.2: CTR List Details

1. The **"Case Information"** section is where the general information of the client is displayed together with buttons to view red flags and view history of the CTR List.
2. The **"Details"** section is where there are five (5) different panels which will display details about client, account, transaction, findings, and attachment.
3. These panels all allow viewing of the details based on the regulator mapping field being configured.
4. There is also an **"Update"** button located on the top right of the page, that allows users to make modifications inside the CTR form.

2.4 CTR Report Details □ Case Information

The general case info panel is on the left side of the page.

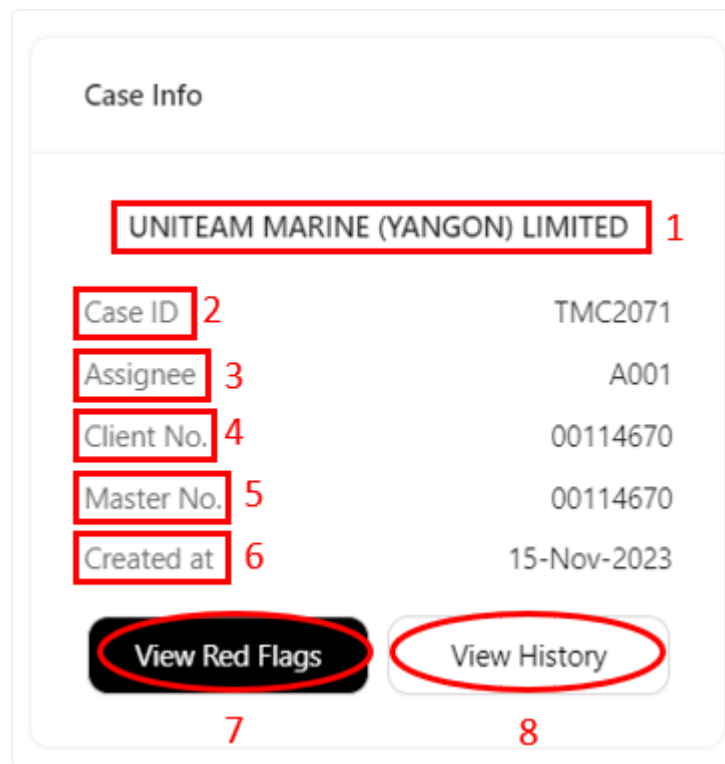

Figure 2.3: Display of 'Case Info' under CTR Report Details page

The information displayed is in the table below:

#	Name	Description
1	Full Name	Display the client's full name.
2	Case ID	Display module case primary key ID number. Each module is unique with prefix.
3	Assignee	Display the user's name who are investigating the case.
4	Client No.	Display the client CIF ID or other golden unique number.
5	Master No.	Display primary number (CIF, ID number, etc).
6	Created at	Display the date that the case was first created.
7	View Red Flags button	Display the red flags information.
8	View History button	Display the history of CTR report details.
