Preface

1. Customer & TESS Definition

TESS Innovation Sdn Bhd is hereinafter referred as “TESS” of the other part in this document.

2. Document Confidentiality

This document contains information that is proprietary to TESS and The Customer. This document, or any part thereof, shall not be copied, reproduced, translated or reduced to any electronic medium or machine readable form or disclosed to any third party without the prior written consent or authorization of TESS and the Customer.

3. Purpose of Document

The purpose of this document is to clearly guide user to perform day by day operation

4. Intended Audience

- Project team from TESS
- Project team from The Customer

5. Document Control

This document is subject to change control. All changes to this document shall be documented and distributed as “Release Version”. It will consist of the following:-

- Full replacement of the document; or
- Full replacement of a section in the document; or

- An addendum to the document.

Each revision will be assigned with a unique “Release Version” number and date. All pages distributed within a Document Release Notice will have the appropriate Release Version and Release Date indicated.

6. Screenshots

All sample screenshots as attached are for the reader’s viewing purpose only. The actual screen displayed in the [iSEM.ai](#) system shall be based on the specification of The Customer’s as agreed upon.

7. Disclaimer

- All advice given or recommendations made in this document are made in good faith on the basis of the information provided and otherwise generally available or known to TESS at the time of writing.
- No advice given or statements or recommendations made shall be in any circumstances constitute or be deemed to constitute warranty by TESS as to the accuracy of such advices, statement and recommendations.
- Subject to the contents of the Supply of Software, Licensing and Service Agreement executed, TESS shall not be liable for any loss, expense, damage or claim arising out of the advice given or not given or statements made or omitted to be made in connection with this document.
- **This document is **subject to updates**. Please note that it may be revised periodically within the same version to reflect any changes.

8. Product Version

This document is based on product version 1.3. Any other product version may not be relevant to this specific document content and its information.

9. Abbreviation & Definitions

Abbreviation	Definition
TM	Transaction Monitoring
KYC	Know Your Customers
STR	Suspicious Transaction Report
EOD	End Of Day

1. About Tx Monitoring □ Txn Maintenance

About: User can whitelist one or more CIFs. Whitelisted CIFs at Tx Monitoring > Txn Maintenance will cause no red flag being generated for that CIFs for the foreseeable future until expiration date is reached. CIFs with no expiration date will not have any red flags for the foreseeable future.

1.1 Apps Process Flow for Txn Maintenance

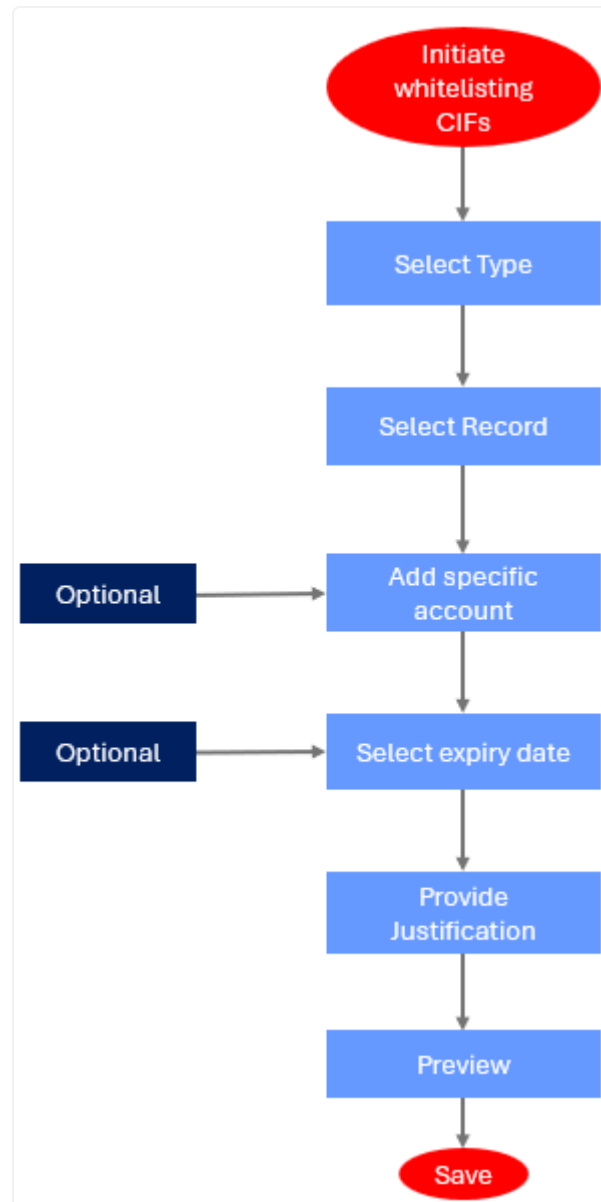

Figure 1.0: Apps Process Flow to whitelist CIF

2. Tx Monitoring □ Txn Maintenance

- User can see all whitelisted CIFs in one page, when user click "Whitelist" under Tx Maintenance.

--	--	--	--

- Table below shows column names and its descriptions in this page.

No	Column Name	Column Description
1	Whitelist ID	ID of the whitelisted CIF
2	Name/Description	CIF Name of the whitelisted CIF
3	Type	Whitelist type
4	Expiry Date	Date of CIF no longer whitelisted
5	Date Created	Date of the CIF being whitelisted
6	Date Updated	Last updated date of whitelisted CIF's information
7	Status	Status of whitelisted CIF; Active/Inactive

2.1 How to Whitelist a CIF

- Click button "+ Add New". 6-step wizard on whitelisting CIF will be displayed on top of the page. Each of the wizard step has its own features.

The interface shows a 6-step wizard for transaction maintenance. The first step, 'Select Type', is currently active. Below the navigation bar, the section is titled 'Whitelist Record'. A dropdown menu for 'Select Type' is present, showing 'Please Select'. At the bottom of the form, there are 'Back' and 'Next' buttons.

Figure 2.1: 6-Step Wizard Txn Maintenance

Step 1: Select Type

- At the dropdown list, select Client. Then, click button Next.

The interface shows the same 6-step wizard. In this step, the 'Select Type' dropdown menu now displays 'Client'. The 'Next' button at the bottom right is highlighted with a red border, indicating it should be clicked to proceed to the next section.

Figure 2.2: Press "Next" to go to next section

Step 2.1: Select Record (Input Search)

- Specify CIF Number or ID Reference or Name. It is suggested to search using CIF number or ID Reference for better searching result. Press button "Next" to initiate search.

Step 2.3: Select Record (Account).

- A popup window will appear asking the user "Do you wish to add specific account number to the whitelist?".

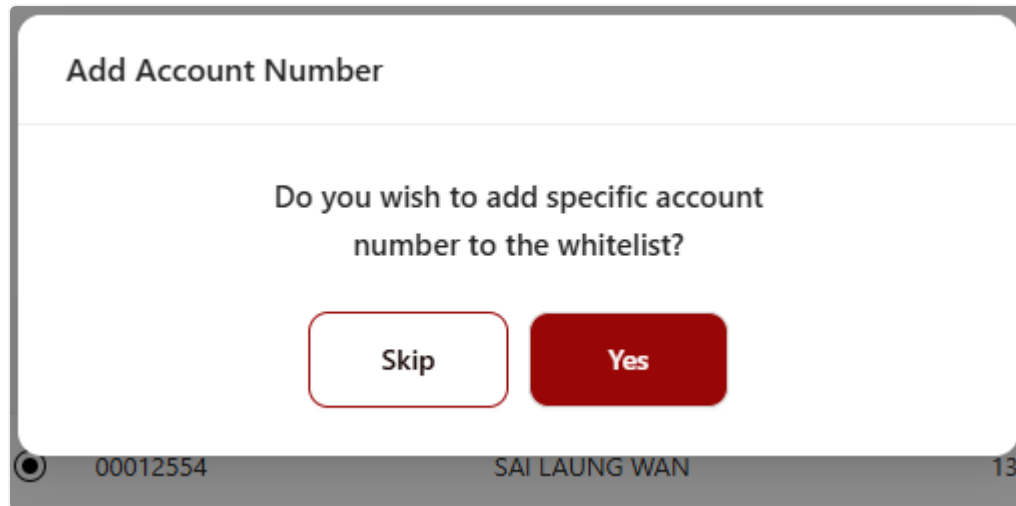

Figure 2.5: Click radio button and click Next

- Table below shows outcomes when clicking button Yes or Skip

Button	Outcome When Clicking the Button	Example
Yes	• CIF ID and selected account number belonging to the CIF will be whitelisted • The page will ask user to specify what account belonging to the CIF that should be whitelisted. Select what account(s) to be whitelisted and click button Next to go to next section. Refer screenshot below (Figure 7)	Today, CIF 123 and account 0090 is whitelisted. During end of day, program will check for transactions that are committed by CIF 123 and account 0090. If the transactions are eligible for red flag but committed by CIF 123 and account 0090, red flag will not be generated
Skip	• Only CIF ID will be whitelisted • The page will go to the next section.	Today, CIF 123 is whitelisted. During end of day, program will check for transactions that are committed by CIF 123 If the transactions are eligible for red flag but committed by CIF 123 regardless of the account number, red flag will not be generated

Step 3: Expiry Date

- User has option to include expiry date or skip expiry date. If user wants to include expiry date, click "Select expiry date" and specify the date. Then, click button Next.

The screenshot shows a multi-step process with six steps: Select Type, Search Record, Expiry Date, Justification, Preview, and Validation. The 'Expiry Date' step is currently active. It contains a radio button labeled 'Select expiry date' which is selected. Below it is a date input field showing '31-Mar-2025' with a calendar icon. There is also an unselected radio button labeled 'No expiry date'. At the bottom, there are 'Back' and 'Next' buttons. The 'Next' button is highlighted with a red rectangular box.

Figure 2.7: Select Expiry Date

- If user does not to include expiry date, click "No expiry date". Then, click button Next.

This screenshot shows the same 'Select Expiry Date' step as Figure 2.7. In this instance, the radio button for 'No expiry date' is selected, while 'Select expiry date' is unselected. The date input field is no longer visible. The 'Next' button at the bottom right is highlighted with a red rectangular box.

Figure 2.8: Select Expiry Date

Step 3: Justification

User must provide justification why this CIF should be whitelisted via text. User can provide further justification by attaching document(s). Once done, click Next to go to next section.
